Dear Parents and Carers

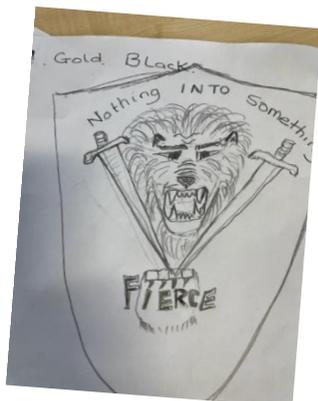

## Welcome Back

It has been a lovely start to the new school year. Not only has the weather been kind but we have not had any building work over the summer!

We have welcomed most of our new pupils to both the primary school and high school this week. A few will join us next week. Everyone was so happy and positive to be back in school resuming or making new friends. Blossom class have really enjoyed exploring rockets this week. They worked out how it worked by expelling air to send the rocket high into the air. They sat with each other, sharing the space and took turns.

In Oak class they have been learning about each other and developing their team work by developing their class team charter's. There are 3 class teams and I really like 'Team Fierce's' motto.

*Inspire – Grow – Achieve*

## Health and Wellbeing

It is really important that everyone has the opportunity to learn strategies to help if things become a little stressful. Beech class today made their own 'stress balls' out of balloons and flour. They are great to use and easy to make, if you would like to try this at home here is a link

<https://www.redtedart.com/make-stress-balls/>

In Jasmine class however they celebrated all the success they had in the first 3 days with a trip to the park. It is also great for your

wellbeing to spend time outside and having fun with friends, new and old.

Best Wishes  
*Alison Randall*
