Dear Parents and Carers

## Adaptations!

The world is full of different people but the world often expects us all to be able to do the same thing in the same way. This can prevent individuals from being able to achieve their potential and is not what we are about at Lancasterian School.

We always look for how to make adaptations for our pupils to be able to access their world and to make the most of learning opportunities.

Here is Oak class the pupils have used lots of different

technology systems to support their individual needs

so they can publish their rewrites of traditional tales.

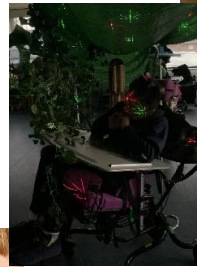

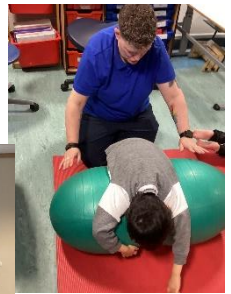

Sycamore class have been visiting Wythenshawe

Wheelers for enrichment and have been using different types of adaptations to be able to experience cycling. This week one pupil was able to ride a trike independently around the track for the first time.

Lots of our pupils also require different supports or positioning to be able to access their world or their learning.

## Parents Evening

Thank you to everyone who attended parents evening either in person or on the telephone.

Our teachers really enjoyed sharing the successes our pupils have had and working with

you to identify what their next steps are going to be.

## Dates for the term

Harvest festival donations by

16<sup>th</sup> October

Last day of term – 20<sup>th</sup> October

First day of term – 30<sup>th</sup> October

Best Wishes
