## Creative learning

In maple this week they have been linking their enrichment to their English learning. They have been writing stories for the stop motion animation they were making in enrichment.

In Elm class this half term they have been reading a book linked to the topic of Water, The Washing Line by Jez Alborough. They have been making tie dye t-shirts which they will then wash and peg out on a washing line, just

like in their book. It

looked lots of fun and I can't wait to see the results.

Jasmine class have been hard at work all week and

finished their week off with the lovely activity of baking; using all their English and maths skills. Even pupils at home were fully engaged all day in all their lessons! I am so impressed and proud of the resilience of our pupils and our parents.

## Covid update

I am sure you have all seen the announcements from the government. This will hopefully be good news especially with the reduction in the need to self-isolate. Given how close we are to the end of term we will be keeping all our protection measure in place and will review them in September.

## School Questionnaire

Thank you to all the parents who have already completed this questionnaire. Your views have been really helpful and will support our new school development plan.

If you haven't already completed it there is still time.

If you can the easiest way to complete it is online via the link below.

<https://forms.office.com/r/2nj02ZUps1>

Thank you for your support with this.

Best Wishes

*Alison Randall*
