9<sup>th</sup> February 2024

Dear Parents and Carers

### Missing newsletter!

Apologies for not sending the newsletter last week. Unfortunately the website was having difficulties!

### Spring is on it's way!

It has been lovely to see the mornings and afternoons have more light. While the weather may still be unpredictable it is great to look forward to seeing the sunshine more. There is going to be more opportunities to be outside with our families, which is great for everyone's mental health.

### Eco events.

Our eco councils are always trying to improve our carbon footprint and one way is to recycle our waste. This week the

school was visited by a Biffa waste management truck. This was a great way for our pupils to see what happens on bin day and how our waste is taken away. Lavender class really enjoyed the visit. They looked at all the cameras, tried on the staff hats and sat inside the truck. They all really liked the different lights on the truck and everyone showed great listening skills. Apparently they are a toy truck like this in the class and

were so excited to that they got to see a real one.

### World Religion Day

We do learn about so many different things in school. Last week was World religion day and all the

classes were learning about all the different religions we have in school and in Manchester. In Daffodils they made Star of David Biscuits when learning about Judaism. They danced to music and

used colourful scarves and ribbons when learning about Hinduism. They also played and danced along to Punjabi music when learning about Sikhism. I also know that

Jasmin had a talent show and celebrated everyone's differences. Sadly they only took videos, so I can't share them with you!

### A wonderful writer!

Another of our KS4 pupils wrote a letter to Manchester City Football club asking for a signed photo of his favourite player. Not only did he receive a photo but also a lovely reply acknowledging all his hard work!

### Dates for the term

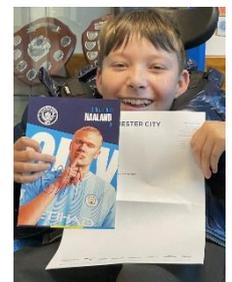

15<sup>th</sup> February 2024 – Last day of term for pupils

16<sup>th</sup> February 2024 – Inset training day.

Best Wishes
