Coronavirus

There is a virus going around. It is called Coronavirus or COVID.

Coronavirus is contagious. This means it goes from person to person quickly. .

Coronavirus can make people poorly.

People may need to go to hospital

We need to keep everyone healthy and safe until the virus goes away.

To stop the virus going to more people, I will:

Wash my hands throughout the day .

Try not to touch my face.

I will give elbow bumps..

I will not shake hands. .

I will stay safe at home.

I will not go to school.

A grown-up will tell me when it is safe to go back to school.
