

You are invited to a virtual event

5th November 2020

10:00-11:30

SEND Health Hub Parent/Carer Workshop

The SEND Health Hub is a new service for children & young people who attend a special school in Manchester. Set up in response to COVID-19, we are a team of therapists and nurses from different professions who aim to provide advice & support for difficulties arising from the pandemic.

Since June of this year the team has received referrals from schools & provided support via phone or video call to families. We would now like to hear from parents & carers to understand how to further develop our service & start to accept requests for support directly from families.

We would love you to hear from you!

Please register using the link below to secure your place:
