## EVERYONE IS A STAR!!

8<sup>TH</sup> January 2021

### Welcome Back!

I hope you all had a restful and happy holiday.

The announcement from the government were both expected and a complete surprise.

I want to thank you all for your continued support. This week has been challenging in trying to keep everyone safe and make sure that we can provide the best for our pupils.

I do believe that we have achieved that and it was lovely to see some pupils back into our now 'warm' high school.

### Testing of staff

The announcement of school closures did put a delay on getting our in school testing centre open.

However, it is nearly ready and we should be able to start testing our staff next week.

This for all staff who work in High schools.

However, we will be offering this to all staff in both primary and high school. This is another tool in our bid to reduce coronavirus infection and keep everyone as safe as possible.

### Remote learning

I am sure your class teacher has been in touch with you already to start the remote learning for your child if they are not in school.

Our teachers are working hard to ensure our pupils have what they need at home to carry on with the learning during this period of lockdown.

I am included our parent information on remote learning offer. If you have any questions then please do contact school. However the teachers will be in touch next week if your query is not urgent.

Best Wishes
