22nd January 2021

What a week!

What a week this has been! Luckily the school was fine during storm christoph, only a few leaks. Some of our staff who live locally were evacuated but are all fine and back home. However our thoughts go out to anyone who was effected by the floods.

Nothing has stopped our pupils learning though. There has been some wonderful blended learning in home and at school.

Jasmine were building Stonehenge from biscuits in school and at home.

While Beech class were enjoying a story for a teacher who is shielding at home.

Maple class have been working very hard on their maths and practicing in their class shop ready for when lockdown ends.

Blossom class have been learning to follow photograph instructions to make a piggy pizza. This was based on their literacy topic of '3 little pigs'.

Watch out next week for our funky science lessons!

Remote learning certificates

I would like to say a heartfelt thank you to all the parent/carers for your support with the remote learning. It has been lovely to see so many pupils joining in the activities. It was lovely to hear about the Primary assembly this week; everyone was so excited to see so many of our children on the zoom.

As a little reward children will be receiving certificates every week for engaging in the remote learning. These will be emailed out on a Tuesday so please check your account and if we don't have your email address then let the office know.

Best Wishes
Alison Randall
